Start

Story: You have repelled the attack and now it is your turn to go on the offensive! You figure if they crossed the border to cause trouble, you can too! You make your own “cross border raid” but with twice the fury!

You will need: Two pistols loaded with 5 rounds each with hammer down over empty chambers in your holsters. A rifle loaded with 10 rounds, with hammer down over an empty chamber on the rest at B. A shotgun, empty with action open, on the rest at A, with at least 6 rounds on your person.

Directions: When ready, yell “This will teach you to mess with Texas!”

At the Signal: You have your choice of how to proceed. You must double tap the rifle and pistol targets and knock down the 6 shotgun targets. You must return the rifle and shotgun to the rest where you picked them up. You must finish with either the pistol or shotgun. Please tell the RO how you plan to run the course before you start. The shotgun must be fired from Position A, Rifle from Position B and the Pistols from Position C.

Take your firearms to the unloading table, muzzle up.
