

# Lots of Crazy Cowboys!

By: Beer Slinger (Tom Bier)

Last month I wrote about how some Crazy Cowboys were planning on shooting in January. Well, we did have a match on Sunday January 22<sup>nd</sup> and there sure are a lot of Crazy Cowboys! The weather was cloudy with temperatures in the upper 30's to low 40's, and we still had 34 shooters at the match! The rain held out until just as we started the last stage. But, the cowboys held fast and finished anyway! They even all pitched in to help put everything away. Everyone left cold and wet, but happy! Our next match is scheduled for February 19<sup>th</sup>, road conditions permitting. And, we are again holding our Annual New Cowboy Shooter's Clinic on March 26<sup>th</sup>. So, if you have been thinking about trying Cowboy Action Shooting, come on out in March and give it a try!
